Inspiring lecture, 'Ageless Beauty: Expert Tips from a Pharmacist on Women's Health and Wellness

Dubai Pharmacy College for Girls' Professor Dr. Bazigha K. Abdul Rasool, Head of the Department of Pharmaceutical Sciences, along with the two third-year students Naiba and Haneen.

Her inspiring lecture, 'Ageless Beauty: Expert Tips from a Pharmacist on Women's Health and Wellness,' resonated with esteemed members as she delved into the intricacies of holistic well-being. Dr. Bazigha shared helpful tips and knowledge encompassing skincare essentials, dietary habits, and lifestyle choices tailored to enhance vitality and radiance at every stage of women's lives.

This activity is part of the college's social engagement program, aimed at serving various segments of society.

She took the stage at the Dubai Ladies Club to elaborate on the integral role of pharmacists in empowering women to make informed decisions about their health and well-being, promoting positive health outcomes throughout their lives.

Attendees were empowered with actionable insights, reaffirming the importance of proactive health management for timeless beauty and wellness.

GCC Regulatory Affairs Pharma Summit

Professor Bazigha and Dr. Rana of Dubai Pharmacy College of Girls attended the GCC Regulatory Affairs Pharma Summit on April 27, 2024, focused on “Quality control of pharmaceutical products”.

Their presence highlighted the college's commitment to staying abreast of advancements in regulatory affairs within the pharmaceutical industry in the GCC countries. By participating in this summit, they gained valuable insights into current quality control practices and contributed to the exchange of knowledge and expertise in this critical area. Their attendance underscores Dubai Pharmacy College's dedication to fostering professional development and excellence in pharmaceutical education and practice.

They met with Dr. Mona Al Moussli and Dr. Najiba Al Shezawy, the Co-Founders & Managing Directors at Professionals Regulatory Affairs (PRA) Consultancy to discuss further possibilities for collaboration between the college and the agency. Currently, the Dubai Pharmacy College for Girls offers a certified course in “Regulatory Affairs” in collaboration with PRA Consultancy. This course equips participants with comprehensive knowledge and practical skills essential for navigating the complex regulatory landscape of the pharmaceutical industry and finding a good job in this field.

DPCG SECOND SUCCESSFUL OPEN DAY

The Open Day hosted by Dubai Pharmacy College on Saturday 27th April 2024 was a resounding success, drawing enthusiastic attendance from parents and prospective students. With the primary goal of showcasing the college's exceptional academic programs and state-of-the-art facilities, the event provided attendees with a comprehensive overview of the opportunities available for pursuing a career in pharmacy.

Parents had the opportunity to engage with faculty members and admission team, gaining valuable insights into the college's commitment to academic excellence and student support services. Through informative presentations, student panel discussion and guided tours, they were able to envision the potential educational journey for their children and explore the various resources available to ensure their success.

Prospective students were captivated by the academic programs offered, from Bachelor of Pharmacy (BPharm) to master's in clinical pharmacy (MPharm), each tailored to prepare students for dynamic and rewarding careers.

The ultimate goal of the Open Day was to inspire and empower individuals to pursue their passion for pharmacy and to provide them with the necessary information and guidance to make informed decisions about their academic and professional futures. With admissions for both BPharm and MPharm programs open for the academic year (2024-2025), the event served as a catalyst for prospective students to take the first step towards realizing their dreams and aspirations in the field of pharmacy.

Dubai Pharmacy College for Girls Joins SKMCA World Immunization Week 2024

In a significant contribution to the Sheikh Khalifa Medical City Ajman's World Immunization Week 2024, Dubai Pharmacy College for Girls students gained knowledge on "Life Course Immunization" and "Understanding Vaccine Hesitancy in the Arab World" during their attendance on 25 April 2024.

With WHO's "Humanly Possible: Immunization for All" initiative at the forefront, experts addressed challenges surrounding immunization in Arab communities.

This engagement provided students with invaluable insights into the challenges and nuances surrounding vaccine acceptance, empowering them with knowledge essential for addressing public health concerns effectively. By focusing on WHO's global initiative, Dubai Pharmacy College for Girls demonstrated its commitment to fostering a generation of healthcare professionals equipped to advocate for universal immunization coverage and combat vaccine hesitancy within the Arab world.

INFERTILITY DAY ACTIVITY

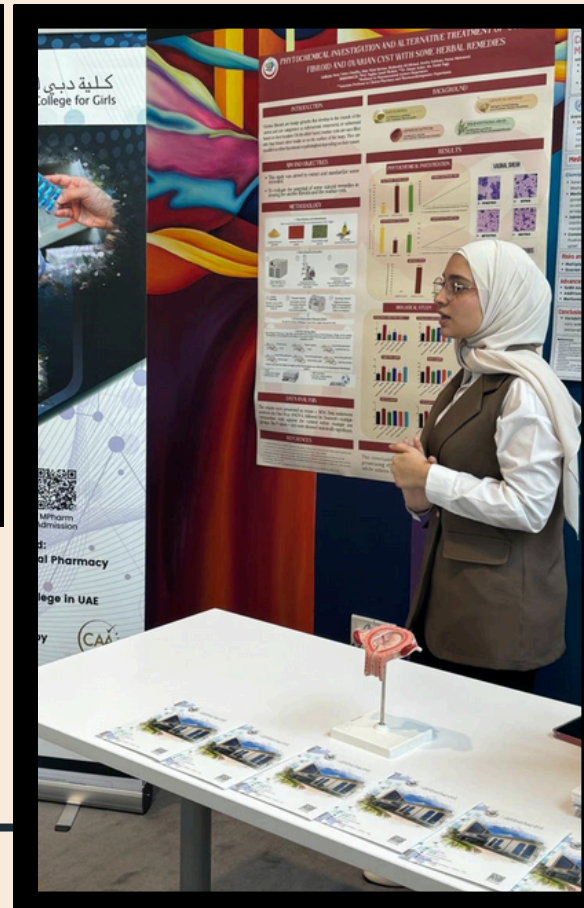

On April 27th, an Infertility Day activity was held at LVL Downtown in collaboration with the Nabtahealth Clinic, featuring poster presentations and a Q&A session .

The purpose was to raise awareness about the impact of medications on infertility and infertility treatment.

Students educated attendees about the medication impact on fertility health.

OLD PEOPLE HOUSE VISIT

On April 5th, nine students visited the Al-Sharjah Social Center for an Old People House visit, engaging in knowledge-based games that included topics such as medication dosage forms, primary simple storage conditions, the importance of not using any medication without adult supervision, and chatting with the elderly residents.

Provide support and companionship to elderly residents and orphaned children.

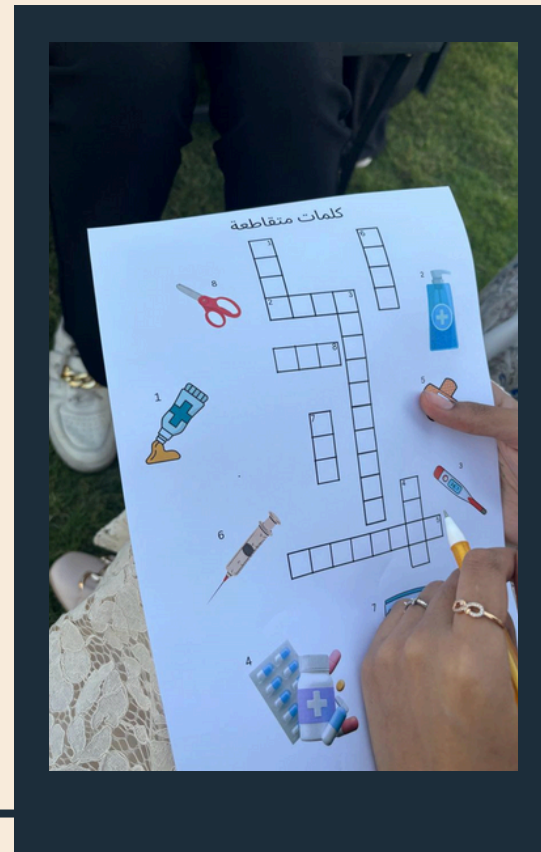

Provide basic medication knowledge for the children.

Students engaged with elderly residents and orphaned children, raising meaningful interactions and emotional support.

Educated children about proper medication usage and demonstrated empathy through interactive activities.

Distributed presents to children, bringing joy and comfort to their lives.
